

I was so excited to participate in Shodha Yathra. I sensed that definitely I am going to experience something which I ever had experienced n know about lot many things which I ever knew.

Shodha Yathra completely took me into another world.The world where I don't even remembered or reminded of my own world which I am in, before joining the Shodha Yathra. Its so astonishing that it just hipnotized me😊...I think that's the magic of the Nature, Villages, Villagers and my super cool buddies(co-yathris).

In the world of running behind money I am grateful to had a such an awesome opportunity to honor/ treat my soul by participating and get to know about Palle Srujana. Bringing out the knowledge in Villages/Villagers by experiencing the nature and its miracles. Such a pure motive of the program CSY which automatically magnetize anyone.

What mesmerized me more is that Every Yathri has so much of knowledge and passion towards the motive of the Yathra and Palle Srujana. Whom ever I interacted poured lot of knowledge in lot many things be it farming, nature, living etc...Villagers are soo pure at heart and treated us like their guests.

Feeling blessed to be apart of Palle Srujana family🙏 and Will continue this bond. Will always step forward for any kind of contribution that I can do for Palle Srujana as a family member.

Special thanks to Anjireddy sir and Subhash sir for sharing the struggles of innovators and how Palle Srujana played a significant role in their lives. Anji Reddy sir you are really a knowledge Hub🙏

Excited for next Yathra to experience along with Ganesham Sir, the man behind this miracles. Sir, such a pure soul you are🙏

Last but not the least - "Palle Srujana"
An organization which resembles definition of selflessness. Thanks a ton to my friend Harish who introduced me to the world of Palle Surjana.
