

# Something to Cheer I

April 2013

PalleSrujana

పల్లెస్రుజన

Dear friends

April has been a very satisfactory month and our efforts over the last few weeks have fructified into significant achievements. I list them below:

1. Raitu Nestam is preparing a DVD of grassroots innovators whose devices are RFS (Ready for sale). These DVDs will be sold across the state and innovations get disseminated effectively.
2. The much awaited agreement for Brahman with MJM industries has been signed for producing and marketing one crore pieces in India with a substantial royalty and other benefits to the innovator. Sale is likely to take off by year end.
3. For Validating the karakollu medicine for wound healing, NIF has sanctioned Rs 50000 to Synapse laboratory, Hanamkonda. The report will be ready by mid May 2013.
4. Innovation Diffusion centre (IDC) will be established at Palle Srujana office premises. NIF ha sanctioned the project, the first of its kind outside Ahmedabad. We hope to launch it by Jun 2013.

6. Technology acquisition Fund - NIF has decided to acquire Nazir Ahmed's Chilly powder device @ Rs 50000. This amount will be paid to the innovator by end April.
7. Vikram Rathore received an order for 7 bicycle operated pumps from Reliance Foundation through NIF. Palle srujana is executing the order and will be completed by April end.
8. With the help of volunteers Asu family sold 75 saris during April. This brought lot of cheer to the members of the asu family.

Please visit [www.pallesrujana.org](http://www.pallesrujana.org) often and make suggestions for Palle srujana to move ahead with high impact initiatives.

Prematho  
Brig. Ganesham
